THE SCHOOL CREST

The Crown on top of the crest signifies the allegiance of this School to the Queen, as Head of the British Commonwealth, while the two rivers joining into one, symbolise the integration of Maori and Pakeha.

Seven districts, Glen Massey, Orini, Horotiu, Taupiri, Te Kowhai, Waipa and Ngaruawahia contribute students to the School and each star represents a contributing district.

The three books represent:

- the Bible as the foundation of our faith;
- the knowledge we are learning;
- the history we are helping to make.

Translated literally, the Motto—"Wahia Nga Rua"—means "Open the Food Pits."

This goes back to the Seventeenth Century when Ngaere, the son of a Waikato Chief, married Heke i te Rangi against the wishes of her father, a Chief of the Ngati Maniapoto. When a son was born to them it was decided to hold a feast and invite the Ngati Maniapoto. The invitation was accepted, and following the welcome, Ngaere's father held up the baby saying that he named it Te Mana o te Rangi in honour of the reconciliation with Ngati Maniapoto. Ngaere then arose and called out "Wahia Nga Rua." From these words "Ngaruawahia" was coined.

EDITORIAL

We have been commanded to "Love thy neighbour as thyself". In today's powerful world of wars and tension, it seems to be every man for himself — our neighbours later. Only a few famous personalities forget their fame, becoming humble, and begin to work for others less fortunate than themselves.

Sir Edmund Hillary appears to be the hero of every young mountain climber. He plucked his fame from the world by showing physical strength. Not many have succeeded in climbing Mt. Everest in the Himalayas. Why did he do this?

Certainly, he must be a man of great physical fitness and endurance. Physical fitness alone didn't help him succeed. He had a vast source of spiritual power that enabled him to spend many weeks on the loneliest mountain slopes in the world. His faith and determination in reaching his goal infected his loyal team of Sherpas, as well as the rest of the world at home in their armchairs.

His feat brought him sudden recognition. His climb didn't only show him snowy slopes, but poverty and general wretchedness in the isolated Indian villages. The world knows of the poverty, but it likes to keep 'its eyes closed', leaving the work to others. Instead of saying to the world, "I am the Greatest!" he flew back to Asia to the poverty.

He realised Education was a powerful tool. If we are all equal, why shouldn't the Tibetans also be educated? His impulsive drive has led him to build small schools, dwarfed by high, snowy slopes, educating those less fortunate.

Goitre has been prevalent among the Tibetans for many centuries. Sir Edmund, shocked by the powerful grip it had on the people, notified the Western World Medical Authorities. Tibetans now have a chance of ridding themselves of the disease, allowing them to enjoy a healthy life. It is little wonder Sir Edmund Hillary is loved by the Asiatic peoples.

It is human nature for us to want to be in with the famous class. We hate to disagree with prominent, political leaders. This is not so of Sir Edmund Hillary. His courage at rebuking the world's political world has made us all stimulate our thoughts. He has given others the courage to say, "We won't take this any longer!"

Maybe he is outspoken, but he certainly is an example to us all. It may be a good idea if we all borrowed a portion of his human kindness, manliness and tried his benevolence.

A MESSAGE FROM THE CHAIRMAN

I am obliged to your Editor for this opportunity to address the School. Apart from the Annual Prize Giving I have no occasion to speak to you; and on that day my remarks are mainly directed to your parents.

This book we have in our hands has something to say besides what is written therein. It began as an idea. There was an intention to produce a magazine. Then a start was made, and now the book is a reality.

Intention — Beginning — Completion. The first is easy, it can be done lying in bed. The second calls for real effort, and is much more difficult. The last — Completion — is the real test. Strive for Completion. There is a good Motto. A lot of unfinished jobs can be terribly worrying and can mar your school life.

This book has been completed. All credit to those who have contributed and shared in the work of preparation. It is a most interesting account of the school life and a valuable historical record.

School is not just a place where you come for instructions so that later you can pass Examinations. It is a Community; as a town is a Community. Here you are expected to take your part, develop your various strengths; and what is more important, overcome any weaknesses. You experience many things. Some perhaps difficult and unpleasant besides the interesting and agreeable. And so you acquire experience and become stronger and more prepared to enter into adult life to take up the opportunities of a happy, useful, and purposeful life.

I believe it is those pupils who have little aptitude for formal studies whose lives can be most enriched by the experience of three or four years involvement in School activities.

Finally, I would congratulate the School upon the completion of a faithful year's work. I have been your guest at various social functions and entertainments you have presented. I have visited the school from time to time and I have spoken to many of you as you have travelled to school. All these have given me deep satisfaction with the work and progress of the school and I pray you will for the future.

—Stephen Rutherford.

PRINCIPAL'S MESSAGE

[Mr Allison is not available for his message as we go to press, but his words of Christmas, 1965, in the School's first magazine are well worthy of a re-consideration. Let us look at ourselves in the terms of these retrospective remarks.]

It would be only too easy for me to fill this page with thoughtless platitudes. I prefer, however, to try to do some stock-taking, and even a little soul searching.

It would be easy to claim that the three years of the School's existence have brought only profit. We have, indeed, had our signal successes, but we have failed in some respects too. Already we have a student body of good repute, a responsible yet healthily independent upper school and a responsive yet venturesome middle and junior section. But already over a hundred of our pupils have left inadequately equipped to cope with the difficulties of modern living. We have failed to convince them of the worth of schooling as a basis for education, and tragically the slow learner has been quickest to quit, when in fact he should have been the last to leave us, needing as he does, more time to cover the same distance.

We have succeeded in establishing a co-operative spirit in the school; a community of interest, with pride in belonging, an admirable warmth of fellowship, and a sense of purpose. This has been achieved with the willing help of the parents of the place, the less obvious but vital work of the Committee of Management and Board of Governors, and the goodwill of the people of the region as a whole. At the same time we have been a little hampered in our development by the current frantic and almost hysterical urge for material possessions, leading parents to yield to the pressure brought to bear by their children to allow them to earn money, to the detriment or even curtailment of their formal education. Modern advertising plays a sinister role in this, and we must continually resist the emotive blandishments of radio, television and newspapers aiming to lead us to spend for the sake of spending, change for novelty's sake, and sheep-like follow the mob.

Throughout the three exciting years which we have shared in building this new school, we have been unusually well off for teachers, imbued with a sense of dedication and obligation, and such triumphs as we have enjoyed in field and classroom and concert-hall have been primarily theirs. I offer them my respectful thanks for a difficult task faithfully done.

I wish all members of the School a happy and restful holiday, and all the joy and gladness of a Christmastide well spent. I commend to you the words of King Solomon the Wise, when he said:

"A good name is rather to be chosen than great riches,
and loving favour rather than silver and gold".

—E. B. Allison.

The Girls' Merit Honour Award has been introduced into the school this year, and is proving a worthwhile scheme. To introduce the scheme the senior and fourth form girls have been judged on their past records. The pupils are selected on conduct, reliability, co-operation, neatness and moral tone and are recommended and approved by the Staff.

The awards are restricted, so that the gaining of an award becomes an honour.

GIRLS' MERIT AWARDS

Pupils gaining the third Honour Merit Award which entitles the pupil to wear a red sash are:

Vivienne Bull, Sandra Coe, Dianne Harper, Gail Hill, Glenda Hunt, Eleanor Porter, Lynette Robson, Nancy Rolston and Linda Stubbing from VI B, Carolyn Hancock from 5A and Sally Sutton, Joyce Herewini and Lyn Greig from 5R.

Pupils gaining the second Honour Merit Award which entitles the pupil to wear a grey and red ribbon badge are:

Janet Gibson, Lynette Gilbert and Carol Robson from 5A; Helen Hayward, Fay Hunter and Janette Hunt from 5B; Suzanne Stokes and Linda Tahana from 5C; Lexie McLaughlin, Pat Rhind, Kathryn Scott, Lorraine Walker and Lorraine Weir from 5R.

Pupils gaining the first Honour Merit Award which entitles the pupil to wear a grey ribbon badge are:

Annette Raethel and Gillian Davison from 5A; Gail Ellis, Judy Hoffman and Ann Roberts from 5B; Heather Brownlee, Ann Carter and Rosalie Jefferies from 5C; Jane MacFarlane and Valerie MacPherson from 5R; Jessie Kerr, Noeleen Coe and Audrey Templeton from 4A; Lorraine McBeth from 4B; Sharon Barnes, Susan Clark, Tuti Paki, Emma Rewha, Elizabeth Tirirahi and Annette Thorne from 4C; Lesley Burt, Debara Ives, Christine Lewis, Penny Pharo, Renata Nehu, Lynne Mark and Julie Vowles from 3A and Susan Henvest from 3D.

STAFF 1967

At the beginning of the year we welcomed seven new teachers: Mr F. Ives, from Stratford High School, as Head of the Mathematics Department; Mr T. West, from Opunake High School, as Head of the Science Department; Mr N. J. Murphy, from Tokoroa High School, as Head of the English and Social Studies Departments; Mrs M. Worth, to teach English and Social Studies, from Avondale Intermediate School; Mrs V. Burt, from Hamilton Technical College, for Typewriting and Commercial Subjects; Miss L. Simpson, from Auckland Teachers' College, for Clothing; Mr R. Snooks, from Britain, for Physical Education.

Strangely enough, we could proudly boast of being the only Waikato Secondary actually overstaffed! This happy situation, however, did not last as Mr Snooks, our specialist from Wales (that small land that once had a reputation for Rugby) was bound by the Department to move on.

In the second term a new instructor, Mr E. B. Allison, took over the Boys' Physical Education and the fitness of the 1st XV could well be attributed to the vigour displayed in the P.E. lessons.

During July Miss D. Clark arrived to brighten the appearance of the Staff ranks and teach French, English and Social Studies.

In August we rejoiced with Mr St. Cartmail on the birth of a son and the end of the term brought the departure of Miss Ingram and Miss Wallace for their grand tour.

At the commencement of Term III we welcomed Mr Hutchison, who took over Miss Ingram's programme, but unfortunately lost Mr J. Clarke, who had to leave us for an operation, from which he is recovering steadily. We wish him a rapid improvement to full health during the summer months.

For the final month of the year we had the services of local product Mr K. McBurney, straight from his degree finals at Auckland University. He eased the burden for us all and brought a fresh, stimulating approach to both pupils and Staff. This contrasted with our dark days of the influenza epidemic during Term II when at one stage we had eight teachers away but remained open for business.

VALEDICTORY

MISS R. D. INGRAM & MISS M. R. WALLACE

Both commenced teaching together at Ngaruawahia in 1965 and both left together at the end of Term II. So many of their activities were shared including the farewell speech which was typical of their ingenuity and flair for dramatic activity.

Both played a large part in the Major Production of 1966, "Noah", and again in "Comedy Playhouse" 1967. Together they took Floral Art and Rhythmic Dancing and the decorations at all Social Functions during their time at Ngaruawahia were dual efforts.

On the sporting field Miss Ingram organised four hockey teams in Hamilton Saturday competitions and Miss Wallace's support was again never far away.

Pupils and Staff are following their globe-trotting with interest and an extract from one letter is included in another part of this magazine.

MR D. R. CHAPMAN

Mr Chapman commenced at Ngaruawahia High School in 1965 after Canterbury University and Christchurch Teachers' College. He had represented Canterbury at Soccer and also went close to New Zealand selection.

While here, he has been a most efficient teacher of History and Geography, taken an extremely active part in the P.T.A. activities, and shown a genuine interest in the Maori community by his work with the School Maori Club. He will be remembered by many for his organisation and control of the Australian trip in 1965.

He returns to his home town of Christchurch, to teach at Hillmorton High School. We all extend to him, Mrs Chapman and their little daughter our very best wishes for the future.

MISS L. R. SAXON

Miss Saxon commenced at Ngaruawahia High School in February, 1966, as a teacher of Junior Science and soon became a popular and respected Staff member with a special interest in Basketball and Drama. In 1967 she became Girls' Careers Adviser and pupils have found her always ready to give counsel. For both Staff and pupils she has readily taken on any extra duties asked of her. She is to be married in January and live and teach at Putaruru. With her go our sincere best wishes

for happiness in her new home and her position at Putaruru High School.

Miss D. Clark, who has been with us for the final six months of the year, also leaves to be married and live in Hamilton. To her our sincere thanks and very best wishes for the future.

Mr R. K. St. Cartmail leaves us on leave of absence for twelve months to continue his University studies. We wish him every success and look forward to his return in 1969.

PREFECTS' NOTES 1967

At the beginning of this year eighteen prefects were chosen, seven boys and eleven girls. Added to this group later were two more boys.

According to tradition, the prefects organised the three school socials. Along with Miss Wallace and Miss Ingram, we also put on a Reunion Ball, which we felt was a tremendous success, and suggest this idea for future prefects.

Nearly all prefects were involved in one of the five parts of the production "Comedy Playhouse", or in the school choir and/or orchestra.

Miss Ingram and Miss Wallace, who have recently left us, will be remembered by the school, and especially the prefects, for many reasons—one, keeping the Boy Prefects' room tidy.

In typical Army style the boy prefects were 'volunteered' for the choir, which, we later discovered, was not quite so bad after all!

Finally, on behalf of the prefects, I'd like to thank both teachers and pupils for making our job more enjoyable.

What they learn from us . . .

Q. If you rolled an empty tin and a tin full of stones at equal speeds, what would you see?

A. The heavy one would gradually grow faster.

Q. What do you see when electrons pass through air?

A. Like little bowls.

Q. Why are there gaps in railway lines?

A. So if ever oil dripped out of the train it would stop it from catching on fire through friction.

So that the train can stop more easily.

To let the vibration out.

So that the extra electrons built up on the wheels fall off.

Q. Why do teachers expect you to learn science?

A. To know about the world and what makes it grow, move and shrink.

So that we may learn about the facts of life for when we are old.

Q. Why do materials expand when heated?

A. Heat causes them to blow up inside.

Q. Water is a good solvent. What does this mean?

A. Water is good to help solve problems.

Q. What do we mean by a saturated solution?

A. A soggy one.

Q. Describe what you see when you put a strong solution of bluestone on a slide and look at it with a small microscope?

A. You see a hole lot of atoms jumping over the place.

SCHOOL MUSIC

Since our last Magazine was published, music has continued to play an increasingly important part in our School. There are 48 members of the Orchestra. In Recorder Group we have 10, there are 54 General Choir members and 43 in the Senior Group.

Tuition in strings and woodwind is provided by visiting teachers. In 1966 we had Mr P. C. Green as string tutor. He is now in the N.Z.B.C. Symphony Orchestra so, though we were sorry to lose him, we feel we have a direct interest in the Orchestra now when we see and hear it perform. This year, Mr Warwick Braithwaite tutors our two flute and four clarinet players, while Mr G. McShane and Mrs Pratt teach the string pupils.

Mr Braithwaite also conducts the Waikato Youth Orchestra which Mr Green started in 1966. In this we are represented by: Paul Taylor, Lynette Robson and Howard Pharo, violins; Eleanor Porter, viola; Dianne Harper, Kathy Smith and Christine Houghton, 'cello; Alison McTear, double bass; Chris McCowan, trumpet.

During the year many school pupils have succeeded in music examinations and we extend our congratulations to them. We mention particularly Paul Taylor, who has passed two Grade Examinations with Honours, a theory examination and is also soloist in a Concerto with the Youth Orchestra. He continues as leader of our School Orchestra.

The Senior Choir and members of the Orchestra took part in the Secondary Schools' Music Festival in Hamilton in August in both 1966 and 1967. This year we contributed 50 singers—31 Senior Girls and 19 Senior Boys.

In December, 1966, we held our first Festival of Lessons and Carols which is to become an annual event. This was an impressive service. The Lessons were interspersed with Carols sung by the Civic Choir, local Primary School Choirs, our own School Choir and congregational singing led by the Orchestra.

Another 'first' was a Combined Schools' Music Festival at the beginning of Civic Pride Week, when eleven Primary Schools from the town and surrounding area joined us in massed singing, individual school and orchestra items. In all, 450 pupils took part before a capacity audience. A week later, the school was honoured by an invitation to the orchestra and Paul Taylor, as soloist, to play at the Civic Reception for Queen Te Ata-i-rangi-Kaahu in the Town Hall.

The annual Music Night was held on November 1st. There was little time for rehearsal, but it was a happy occasion when the Choir, Orchestra, Maori Club, Recorder Group and pupils with individual items presented a two-hour programme.

At the end of this year we will lose some of our original string players, choir members and other senior players from the orchestra and recorder group. We are grateful to these pupils for their example and leadership. We hope you will return to play and sing with us in the future.

OBITUARY: Kora Holland

In February the School was shocked to hear of the sudden death of Kora Holland, who had just commenced her secondary school career. The whole School extended sympathy to her parents and family.

COMEDY PLAYHOUSE

This year's production, "Comedy Playhouse", was a combination of excerpts from four notable plays, directed by Miss M. Wallace.

The production was similar to the early English Playhouses, using the minimum amount of props. The Comedy Playhouse Clowns introduced each play, mocking the leading characters.

Rehearsals took place in the 2nd term, in preparation for the opening night, June 27th.

Shakespeare's "Twelfth Night", produced by Mrs Worth and Mr N. Murphy, opened the evening's performances. The vain and foolish Malvolio (Peter Houghton) is tricked into thinking the Countess is in love with him. The hearty chuckles of courtiers Porter and Taylor provided a merry background to the scheming Maria (Alison McTear).

The cast of "The Admirable Crichton", produced by Mr K. St. Cartmail, delighted the audience with its ability to carry on, despite the fact that Brian Laycock (Lord Loam) narrowly missed being beheaded by collapsing props!

The senior pupils, directed by Miss M. Wallace, produced "She Stoops to Conquer". Miss Hardcastle (Lynette Robson) decides to play the barmaid so that she may snare the shy Mr Marlow (Chris Grinter). They were continually interrupted by the hearty screams of Mrs Hardcastle (Dianne Harper), who continued to battle and run after Tony Lumpkin (Douglas Stone). Mr Hastings (Warren Herring) and Miss Neville (Eleanor Porter) plan to elope.

"Androcles and the Lion", produced by Miss D. Ingram, caught the audience's imagination. Androcles (John Goodall) and his wife Megara (Vivienne Bull) stumble across a wounded lion in the

forest. During this period of savage persecution of the Christians, Androcles and his fellow Christians are captured by the Romans. The city of Rome, complete with legions, slaves, Caesar (Chris Foote) and the lion delighted even the youngest of the audience.

This year's success should be of encouragement to future drama productions in the School.

ART NOTES

Towards the end of the second term preparations were made to vacate the Art room in "B" Block. The first day in the third term the transfer was effected to "C" Block. The new Art room is airy, spacious and well lighted. It is well appointed and has already acquired an artistic atmosphere.

During Civic Pride week a special display of pupils' art was on view in the School Hall and entrance vestibule. Art pupils have prepared posters for public display to advertise the School Gala Day and show cards for the Careers' Evening.

Last year Lexie McLaughlin, Pat Rhind, Ngahuia Holland, Simon Marsters, Gary Barclay, Christine Graham and Heather Annandale had their paintings selected to represent the School at the Civic Pride Week exhibition. Raewyn Wairepo and Ngahuia Holland gained first equal for designing posters for the Ngaruawahia Players. Lesley Sampson gained first prize in the senior section of the IXH painting competition held during the Waikato Winter Show week. Ngahuia Holland, Janet Gibson, Jacqueline Bradshaw, Christine Graham, Lesley Sampson and Kay Kahui all gained prizes for their posters in the competition sponsored by the Waikato Savings Bank.

LIBRARY NOTES

With the willing help of our Librarians, the library has become a great deal brighter and many gaily-covered new books have added to the effect.

The number of books in the library is now 3596, which still falls short of requirements. This year, 680 books have been added — 209 fiction, 445 non-fiction, including donations from Waikato Savings Bank, Maori Foundation, Pharo's Bookshop and Mr O'Connor (on the Staff for final term, 1966).

This year has seen a significant increase in the number of non-fiction books in the library. We do not pretend that the number of books we managed to buy was adequate, but by putting those most urgently required on short loan and supplementing them with books borrowed from the School Library Service we coped with the more pressing demands.

Class librarians were again very helpful and we owe thanks to the following pupils who helped at lunchtime: Lynda Burns, Diane Watts, Paul Watson, Annette Raethel, Brian Clifford, Margaret Shaw, Lyn Gilberd, Maxeen Greig, Alison Munns, Brian Laycock, Kevin Renouf, Duncan Williamson, Marion Gilberd, Julie Tangney, Kathy McAuley, Karen Sigvertsen, Gillian Davison, Susan Taylor, Patricia Smith, Ann Holiday, Pam Horan, Sharon Barnes, Audrey Templeton, Margaret Lindsay, Wayne Bull, Hans Vanderwell, Robyn Little, Sue Clark, David Paul, John Greig, Wayne Barnes, Brian Watson, Murray Bright, Anthony Woolford and Lawrence Weake.

To Head Librarian Carolyn Hancock we all express special thanks for the way she carried out her onerous duties with great consistency, and also to her Deputy, Reg Sweeney, who is most reliable.

Both Staff and pupils wish particularly to express their appreciation to Miss Allison for her ready co-operation and assistance in providing material from our own resources and that of the School Library Service.

PUBLIC SPEAKING

The Third and Fourth Form speech finals were held in the School Hall on Thursday, 23rd November.

The speeches were all of a very high standard and I am sure Mr Murphy had a difficult time selecting the winners.

Fourth Form Results:

Subject: Fashion — Individuality or Conformity.

- 1st Lorraine McBeth, 4B
- 2nd Loretta Laxon, 4B
- 3rd Alison McTear, 4A

Third Form Results:

- 1st Rosemary Surgenor, 3A
—Father Damian, a great contribution to mankind.
- 2nd Marilyn Houghton, 3B
—Qualities I admire in a husband.
- 3rd Julie Vowles, 3A
—Great contributions to mankind.

PARENT-TEACHER ASSOCIATION

The newly-elected committee immediately found themselves with their shoulders to the proverbial wheel, as there was a Gala Day to be organised. Thanks to the concerted efforts of parents, teachers and pupils, this was a fantastic success, raising \$1080. Most of this was paid into the gym fund account, but in addition \$80 was donated to the Language Department, \$40 to the Music Department and \$10 for shrubs.

At the beginning of the second term an evening of Parent-Teacher interviews was organised and this was felt to have been beneficial to all who attended.

This term, in conjunction with the Careers' Advisers and the Huntly Rotary Club, a Vocational Guidance Evening was held. Representatives from over 20 different walks of life were available for questioning by pupils and parents.

Finally an ad hoc committee was formed to alter the girls' summer uniform. Those who have seen the final results of the ladies' efforts will agree they did a great job.

In all, this year his turned out to be one of the most active since the formation of the P.T.A.

The officers for 1967 were.— President: Mrs Bull. Secretary-Treasurer: Miss Saxon. Committee: Messrs Allison, Chapman, Hill, Roberts, Gibson; Mesdames Tahana, McCowan, Surgenor, Daines, Hunt, Porter.

The committee wishes to express appreciation to all who assisted in functions during the year. Special thanks to our retiring secretary, Miss L. Saxon, for her efficiency and we regret that the School is losing her to Putaruru High School, but congratulate her on the reason: her engagement and forthcoming marriage. We wish her every happiness in the future.

Another Staff member who is leaving, and has been most active in the P.T.A., is Mr D. Chapman. The success of the Gala Days in both 1966 and 1967 was due in a large measure to Mr Chapman's energy. He, unfortunately for the School, is returning to the "mainland". We wish both him and his family the best of luck and happiness in their new home.

What they learn from us . . .

- Q. Write an essay on snails. Your essay should explain how snails feed, avoid being eaten and drying out, move, plus any other features of interest.
- A. Snails move on rollers, their shell is their protection against all predecessors. It has one foot only, reason for slowness. They avoid getting eaten by their shell. The shell is like a soft pillow.
- Q. Why is osmosis important to plants?
- A. To keep the cells clean, it's a slug that keeps the plant growing. For photosynthesis to occur there must be sunlight, water and sin.
- Q. Try and explain why all the children in a family are not identical?
- A. Because when they were in the body they were in a different position.

CORRESPONDENCE

Miss Ingram (left) and Miss Wallace (right) write a long letter to the School. The following is a short extract describing their visit to a school at Topeka, Kansas, U.S.A.—

School begins at 20 to 9. Each class lasts 50 minutes with 5 minutes to get to class between 'hours'. The timetable is the same each day. No morning interval or lateness to class. Each teacher takes a roll check each period and writes the names of absent bodies on a clip-board list which is collected by a Proctor towards the end of the period. The Headmaster has a complete list of absentees every hour, and he checks up on them too! Even being late for class puts your name on the list—kids write on the clip-board as they enter late.

Classes are small—11 to 30 people. Even advanced classes appeared to use just one text book per class. Work was very untidy—your work would be models of neatness at Topeka—and you would write in ink (their pencil writing is dreadful!). Anyone wishing to leave the room has to go armed with a wooden paddle painted with the room number—nobody can duplicate those room passes! Imagine that system at N.H.S.! The classes we saw generally lacked humour and legible blackboard writing—much more formal than we expected, rather dull—except for one teacher who had lived in England. We sat in his class, roared with laughter with the "kids" and felt homesick for B2 and B5.

There was no uniform as such, though Kansas being western the majority of boys wore jeans. Lots of girls wore black and white saddle shoes. Because a football match was being held against a rival school that day had been proclaimed a 'Black and Gold Day'—the school colours. Nearly everyone wore something with these colours. Staff members entered into the spirit of the day and wore black and gold too. Lots of staff men wore school blazers. We noted, surprisingly, a lack of long hair amongst the boys. Throughout the school huge banners proclaimed the might of the T.H.S. Gridiron team and belittled the power of the other school.

The football game was to be held that evening and would draw a crowd of 8000 enthusiastic fans!

Miss Ingram and Miss Wallace are obviously making the most of their trip and we look forward to more long, interesting letters.

What they learn from us . . .

- Q. Explain why eggs in crickets are much larger than the sperms?
A. The eggs are larger because the cricket is a large insect when born.

ORIGINAL

PARODY

Oh gentleman Steed is come out of the West,
Out of all the Steeds, he is the best.
Except for umbrella he weapons had none,
As he took Emma Peel out for a run.
So tough in fighting, a great doer of deeds,
There never was one finer in all the Steeds.

So boldly he entered the enemy den,
Among thugs and gangsters and other men,
Then said the boss not ever a word,
The bullets from Emma's gun he had never heard.
He fell to the floor with barely a thud
And lay face down in his pools of blood.

Then Mrs Peel came into sight,
Then came Steed, both prepared to fight,
They took them all on and down they went,
In came the police the Avengers had sent.
They took them all on, two to a man,
Then hauled them all out, to the waiting police van.

Epilogue

Emma did shoot the cork in twain
And Steed then poured the vintage champagne.

ON THE REBEL, SOCIETY, AND AUTHORITY

Rebels, I submit are created by authority, or rather by the inflexibility of authority. Authority, striving to maintain order and efficiency, often remains oblivious to the rights of the individual. Individuals subjected to this tyranny, if they have courage of their convictions justly rebel.

What is society's attitude towards the rebel? In some circles he is regarded as a social stigma, an infection, contagious and menacing, his removal is imperative for survival. More generally, however, society admires an individual spirit, but will not tolerate radical views. For the sake of perpetuation, society preserves, or tries to preserve, its conservative and antiquated ideals. The rebel's reformative propositions, however perspicacious and practical, always meet a hard core of resistance, a hard core of obstinate incredulity.

Yet in spite of this prejudice, society is changing. This change has been gradual, but pronounced. Today more people have had sufficient education to evaluate the proposed argument with an unbiased attitude and, if their conclusion parallels that of the radical, they act accordingly. This change is adequate evidence that the rebel is an important element of society; his desire to rearrange and improve society inspires criticism of the system, necessary for advancement.

The rebel, like authority, can also be guilty of inflexibility. The logical solution is compromise. But this solution is unsatisfactory to both conflicting parties. Authority is absolute, it demands respect and obedience, compliance must be immediate and voluntary, compromise is rejected. The rebel has definite grievances, the shortcomings of society and the misdemeanors of authority are invariable, compromise is discarded. However, the central position if society itself enables it to perceive the fallacies of the conflicting views. The battle between authority and the rebel is perpetual.

The rebel recognises the need for authority, his aim is to modify authority, not to destroy it. Too often authority, fearing its security is being undermined, ruthlessly suppresses the rebel. The rebel, if sufficiently provoked by authority, can become a menace to society. Hatred and contempt without respect leads to immediate friction.

Will the perfect society ever be attained? I say no. As long as men can think for themselves and the technological and cultural advancement continues, changes in society are inevitable. Men are men, not machines. Authority must recognise this, and in the future be prepared to give consideration to revolutionary ideas. Authority must see that an individual spirit is an asset to society, not a hindrance. The rebel has a future. If he can overcome the censure and rebuke of authority he can, quite easily, become a natural leader of men.

WEEKENDS

Sweating it out at school all week is hardly anyone's idea of fun,
Running from class to class in drizzling rain or blazing sun.
When Friday comes we almost go round the bend,
And steam out of the gates to welcome the weekend.

On Friday nights you can go off down town,
Or go to Hamilton to have a good look round.
Then home to eat supper in plenty,
And listen to the 11 o'clock Top Twenty.

Saturday, the day dawns bright and clear,
And you run around without a care.
At night you can either get up or go out,
Or stay home and scream and jump about.

Church is the place for some people on Sunday,
And for others it means sleeping in for the day,
Weeding the garden or doing homework,
Or calling your brother a stupid big jerk.

After tea at night on Sunday,
You remember with a groan that tomorrow's Monday.
Pressing your gym or cleaning your shoes,
There's always next weekend—so what's there to lose?

HIAWATHA IN KIWI COUNTRY

By the river in deep Waikato,
Near the stagnant, green scum water,
Stood the high school of Ngaruawahia.

Rotten football team is Ngarua,
Sent forth players weak and gentle,
Mostly prefects or sixth formers.

Then one winter through the totara,
Through the black and gloomy bush,
Strode the fifth former, Hiawatha.

"Join our team", pleaded Coach Murphy,
"We will make you very happy".
Hiawatha gazed in wonder
At the water up to his armpits.
"This is wet!" he said in wonder.
"Stupid Redskin!" joshed Mr Murphy.

Then Hiawatha picked a course,
Simple maths, and lawn mowing,
Chess, lunch, and Rugby football.
Perfect course, wrong institution.

Days of torment quickly followed
For the harried Coach Murphy.
Hiawatha didn't know
A single thing about Rugby football.

Only the Waitara players,
Hated rival of Ngarua,
Barred the path the coach envisioned.

Waiting tensely for the kick-off,
Hiawatha eyed the stands,
There sat the teachers with the coach.

"Ooookay!!" moaned Hiawatha
As the football bounced before him,
Carrooning off his farrowed forehead.

Towards the goal where Waitara's
Hooker grabbed it unmolested,
Scored the first of 14 touchdowns.

With the Dean on Monday morning
Hiawatha got the message:
F in maths and lawn mowing,
E in chess, lunch and Rugby football.
Said the Dean in tones like thunder,
"Hiawatha, you're in Flunksville".

Quiet now reigns in Ngaruawahia,
Gone is the mob that lynched coach Murphy,
All that's left is a voice heard faintly —
"Hiawatha — High School drop out."

ARE YOU PROUD TO BE A NEW ZEALANDER?

Are you proud to be a New Zealander, or is it just something you've never thought about before? Ask yourself this question, then think about it. Do you just shrug your shoulders and murmur some inaudible reply, or do you really get curious and attempt to find the ever-elusive answer?

When attempting to answer a question such as this, one must always consider one's position in the problem. As a teenager of today, and an adult of tomorrow, are you preparing yourself for the responsibilities that will one day rest on your shoulders, or, are you attempting to shroud all future responsibilities in a veil of ignorance? If so, then it is about time you woke up to the fact that New Zealand is a country which relies on the backing of its youth. That, it is in fact, a country that will collapse without it.

One aspect of this, is New Zealand's many unexplored natural resources. These could help to bring badly-needed financial backing to New Zealand's economy, but in order to exploit these, healthy, strong and well-educated young men and women are needed. Education and healthy conditions are required to produce such people, both of which New Zealand has. Yet people do not seem to be taking advantage of these. Instead we seem to have a large group of young people who consider education to be a waste of time, or just something they have a go at until they are fifteen.

Wake up all you young citizens of tomorrow. The crosses you make for your government today, will one day rest on your shoulders.

—Catherine Fitness, 4A

LOCKER BLOCK IN THE MORNING

The bell rings; and they're off.
Charging over cases and fallen bodies,
All part of a teaming mass of individuals.
Shouting and yelling, and pushing and shoving,
Anxious to begin a new day,
Yet, not looking forward to the things it brings.

Coat on the hangar, hat in your bag.
Open your locker, and shout:
"Hey, watch out below",
As masses of textbooks fall to the ground
And lay in silence and state;
Reminders of lessons that you don't like —
Even better: That you hate.

You gather them up, and throw them back in,
And heave the door shut in a hurry.
Then with a sigh,
You turn and face the teaming jungle of faces and bodies
before you.

FAREWELL TO WAHIA NGA RUA

Our fathers great in church and state,
Our infant nation to create,
With vision high and purpose great
Once founded Wahia Nga Rua.

While youth is fresh and vigour strong,
We're glad that here we can belong
And so to earn our victor's song
We'll play for Wahia Nga Rua.

As life is more than just a game,
And higher duties also claim
With wider service as our aim
We'll work for Wahia Nga Rua.

When scattered far in other spheres,
In varied tasks and new careers,
With grateful hearts for these school years,
We'll honour Wahia Nga Rua.

THE HUNTING OF MOBY DICK

Captain Ahab was as nutty as yesterday's fruit cake,
He was as jumpy as a fish in a pail;
If you were amazed
That his eyes were all glazed,
It was because of that giant white whale.

He was balmy with bats in his belfry,
He was as lost as a ship in a gale;
And if he spoke
With a sort of a croak,
It was because of that blasted white whale.

He hunted that whale remorselessly,
Until he got hit with its tail,
And now he's been cooling his heels
In the interior of that great white whale.

At the Waikato Inter-secondary Schools' Championships Barry McGifford set a new Waikato record in the Junior Boys' Breast-stroke.

RUGBY

FIRST FIFTEEN

This year the first fifteen began well, finishing the season with fourteen wins out of nineteen inter-school fixtures and winning the Waikato Secondary Schools' second division competition.

The team was ably led by centre three-quarter D. McCowan, whose ability and speed earned him a position in the Waikato Secondary Schools' fifteen.

During the season two games were played against Hopu Hopu Army Camp and these undoubtedly helped the team in many aspects of the game.

The season was climaxed by a game against the Harlequins Club and although heavily beaten, the team benefited greatly from playing against seniors of representative calibre.

On College Day the team was matched against Putaruru H.S. and, as always, attempted to open up play. This attitude, although crowd pleasing, lost the game because of several mistakes, hence producing some over-enthusiastic play.

Unfortunately the team was plagued for a period late in the season by injuries and this weakened the team considerably.

For the final school game the team travelled to Waitara, as guests of Waitara High School and, socially, this proved to be a great success.

This year saw the beginning of a fixture between the Old Boys which it is hoped will become an annual event.

THE TEAM COACH'S COMMENTS

- O Scott (Vice-Capt., hooker): Exceptionally vigorous, gave everything for his team.
- R. Holmes (prop): Strong forward, but never maintained peak fitness. Solid work in front row.
- G. Daines (prop): A sound, hard working forward, unfortunately suffered injuries.
- C. Keiser (lock): Tallest forward, vigorous and gained greatly in experience.
- G. Longdill (No. 8): Improved steadily throughout season to be a fine forward in all phases.
- B. Kelly (lock): Scrummaged well, should gain from experience, expect great improvement in 1968.
- C. Grinter (breakaway): Great enthusiasm and vigour brought many deserved tries.
- G. Weir (breakaway): Very fast and solid tackler; greatly missed by team when illness kept him out of some vital games.
- S. Marsters (prop): Young player who filled a forward position competently when called up.
- T. Rongo (half-back): Sound tactical kicker with the ability to send backs away or run effectively.
- R. Litt (first five-eighth): Steady development during season to be confident and effective in attack; often "tidied up" a situation with a well-placed kick.
- R. Johnson (second five-eighth): His burst of speed or short "grubber" kick initiated many attacks. Ability to play at half a great asset to the team.
- W. Herring (wing): Fast, elusive runner, who with five tries could have added to this total with hard straight running.
- D. McCowan (Capt., centre): Scored 101 points in School fixtures; outstanding on attack, well deserved selection for Waikato where he played with distinction.
- P. Bartlett (wing): Most versatile, solid tackler and fast on attack. Determined temperament most suitable for this game.
- M. Osborne (fullback): Loyal team member, prepared to play out of his usual position for whole season where he gave outstanding service, particularly in solid defence.
- P. Bradshaw (wing or forward): Made some fine attacking runs but must improve defence.
- A. Morgan (wing): Substituted often on the wing; reliable and loyal to team.
- C. McCowan (utility): Showed great improvement during season, always prepared to fill any position.

General: A moderately successful season; to attain top division status among other Waikato schools all twenty players of squad must be prepared to dedicate themselves to sessions of practice and individual training. The success of the team this year was due to a hard core of players of above-average ability and a strong team spirit. If this can be carried forward into 1968 and with sufficient competition for positions, Ngaruawahia H.S. 1st XV could be more than a rugged team which is a little difficult to defeat.

SECOND FIFTEEN

Under the able captaincy of C. Foote the 2nd XV went on the field most Saturdays of the season. The composition of the team and results varied considerably but the games were most enjoyable.

The team wishes to thank Mr J. Bull, Mr Loveridge and all parents who assisted with transport.

1st XI SOCCER

Back Row: M. Dempster, K. Kahui, Mr Templeton (Coach), H. Pharo, S. King, M. Bremridge.
Front Row: K. Rose, K. Spragg, P. Black, R. Russo (Capt.), B. Powell, M. Porter, M. Staples.

SOCCER

The season commenced just after Easter and the team performed well in all games, defeating all opposition. At the end of the season 46 goals had been scored, with 5 against. This gave the team an outright win in the Waikato Secondary Schools' 3rd Division Competition. This is an outstanding achievement, as never before has the school soccer team won a competition.

The "Prendergast Shield", for the most outstanding player, was awarded to Martin Staples, playing in the position of inside left, and the "Ang-Templeton-Harris Cup", for the most improved player, was shared between Robert Russo, left fullback, and Howard Pharo, goalkeeper.

The team played its best game against Waitara High School on August 17th. Despite extremely good opposition the school came away victorious with the score 3 goals to 2.

Coach: M. J. Templeton. Captain: R. Russo.

HOCKEY

1967 proved another good season in hockey with four teams entering in the Hamilton Hockey Competition on Saturday mornings at Fairfield Park. Although not actually winning any of our sections this year two of our teams (A and D) were runners-up to Cambridge A and D teams in their separate competitions.

SENIOR "A" HOCKEY

Back Row: Miss Ingram, Lexie McLaughlin, Heather Brownlee, Sandra Coe, Glenda Hunt, Jonette Hunt, Elizabeth Wilkinson, Miss Sneddon.

Front Row: Kathleen Smith, Lynette Marks, Margret Shaw, Lorraine Weir (Capt.), Shona Earl, Cynthia Barlow, Christine Graham.

The 1st XI entered in a competition at Steele Park in the August holidays for the best XI in the Hamilton and surrounding districts. In our grade after three days of games the First XI managed to come runners-up with Waiuku and Okaihau to Melville.

Again this year we had our annual visit from Waitara and this year the First XI defeated Waitara by 4 goals to 1.

The First XI played various other friendly school games on Wednesdays — defeating Te Awamutu 5-3 and Hamilton Technical 6-0. They were defeated by Diocesan 4-2 and Hamilton Girls' High 2-5.

This year we had six five-a-side teams enter into another competition at Fairfield Park, playing in all four five-minute games, which were very even and exciting.

So with the help of Miss Ingram, Miss Sneddon and Miss Wallace, the fifty girls who travelled by bus each Saturday to Fairfield Park have had a season of most enjoyable games.

—Lorraine Weir

BASKETBALL

The school plays on two levels. The first is the competition at Taupiri. This is a regular Saturday Competition and in this our teams achieved considerable success. The Championship

SENIOR "A" BASKETBALL

Back Row: Miss L. Saxon, L. Greig, M. Wilson, P. Roach, P. Postlewaight.

Front Row: L. Tahana, D. Watts, L. Walker (Capt.), H. Hayward, K. Scott.

Round was won by the B team. The High School C team won the Senior Reserve Knockout (8-6) and also the Senior Reserve Handicap (8-6).

In the Senior Handicap the A team was runner-up with Taupiri A. High School A was runner-up in the Special Ribbon Day also. Games with other schools were organised on Wednesday afternoons. Results are as follows.—

v. Morrinsville College

Senior A lost 9-21; Intermediate A won 21-18; Junior A won 19-1.

v. Te Awamutu College

Senior A lost 25-36; Senior B lost 12-24.

v. Sacred Heart Girls

Senior A lost 22-29; Intermediate A lost 3-34; Junior A drew 18-18.

v. Hamilton Technical College

Senior A won 23-19; Intermediate A won 22-16; Junior A won 23-18.

v. Diocesan Girls

Senior A won 25-17; Intermediate A lost 16-25; Junior A lost 17-26.

The highlight of the season was the trip to Waitara High School which was most enjoyable, although both teams were soundly beaten. Results were: Senior A lost 16-29; Senior B lost 22-26.

The regular Senior A players for school games were: Lorraine Walker, Lynne Greig, Helen Hayward, Diane Watts, Kathryn Scott, Ngaria Gregory, Margaret Wilson.

During the season Margaret Wilson gained the honour of selection for the Lower Waikato Senior Basketball Team. Congratulations Margaret, the school is proud of your achievement.
